**KERRY (AND SMITH) AMENDMENT
NO. 1882**

(Ordered to lie on the table.)

Mr. KERRY (for himself and Mr. SMITH of Oregon) submitted an amendment intended to be proposed by them to the bill, S. 1650, supra; as follows:

At the appropriate place, insert:

**SEC. . SENSE OF THE SENATE REGARDING
COMPREHENSIVE PUBLIC EDU-
CATION REFORM.**

(a) FINDINGS.—The Senate finds the following:

(1) Recent scientific evidence demonstrates that enhancing children’s physical, social, emotional, and intellectual development before the age of six results in tremendous benefits throughout life.

(2) Successful schools are led by well-trained, highly qualified principals, but many principals do not get the training that the principals need in management skills to ensure their school provides an excellent education for every child.

(3) Good teachers are a crucial catalyst to quality education, but one in four new teachers do not meet state certification requirements; each year more than 50,000 under-prepared teachers enter the classroom; and 12 percent of new teachers have had no teacher training at all.

(4) Public school choice is a driving force behind reform and is vital to increasing accountability and improving low-performing schools.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the federal government should support state and local educational agencies engaged in comprehensive reform of their public education system and that any education reform should include at least the following principals:

(A) that every child should begin school ready to learn by providing the resources to expand existing programs, such as Even Start and Head Start;

(B) that training and development for principals and teachers should be a priority;

(C) that public school choice should be encouraged to increase options for students; and

(D) that support should be given to communities to develop additional counseling opportunities for at-risk students.

(E) School boards, administrators, principals, parents, teachers, and students must be accountable for the success of the public

education system and corrective action in underachieving schools must be taken.

**BINGAMAN (AND HUTCHISON)
AMENDMENT NO. 1883**

(Ordered to lie on the table.)

Mr. BINGAMAN (for himself and Mrs. HUTCHISON) submitted an amendment intended to be proposed by them to the bill, S. 1650, supra; as follows:

At the appropriate place, insert the following:

SEC. ____ The United States-Mexico Border Health Commission Act (22 U.S.C. 290n et seq.) is amended—

(1) by striking section 2 and inserting the following:

**“SEC. 2. ESTABLISHMENT OF BORDER HEALTH
COMMISSION.**

“Not later than 30 days after the date of enactment of this section, the President shall appoint the United States members of the United States-Mexico Border Health Commission, and shall attempt to conclude an agreement with Mexico providing for the establishment of such Commission.”; and

(2) in section 3—

(A) in paragraph (1), by striking the semicolon and inserting “; and”;

(B) in paragraph (2)(B), by striking “; and” and inserting a period; and

(C) by striking paragraph (3).

BROWNBACK AMENDMENT NO. 1884

(Ordered to lie on the table.)

Mr. BROWNBACK submitted an amendment intended to be proposed by him to the bill, S. 1650, supra; as follows:

At the appropriate place insert the following:

The Senate finds the following:

Earlier this year, the House of Representatives passed a Social Security lockbox designed to protect the Social Security surplus by an overwhelming vote of 416 to 12;

Bipartisan efforts over the past few years have eliminated the budget deficit and created a projected combined Social Security and non-Social Security surplus of \$2,896,000,000,000 over the next ten years;

This surplus is largely due to the collection of the Social Security taxes and interest on already collected receipts in the trust fund;

The President and the Congress have not reached an agreement to use any of the non-Social Security surplus on providing tax relief; and

Any unspent portion of the projected surplus will have the effect of reducing the debt held by the public; Now, therefore,

It is the sense of the Senate that the Senate—

(1) Should not consider legislation that would spend any of the Social Security surplus; and

(2) Should continue to pursue efforts to continue to reduce the \$3,618,000,000,000 in debt held by the public.

COVERDELL AMENDMENT NO. 1885

Mr. COVERDELL proposed an amendment to amendment No. 1846 proposed by Mr. ENZI to the bill, S. 1650, supra; as follows:

paragraph (1) and \$16,883,000 shall be used to carry out paragraphs (2) through (6);”.

Strike all after the first word and insert the following: Notwithstanding any other provision of this title, the amount appropriated under this title for making grants pursuant to section 2002 of the Social Security Act (42 U.S.C. 1397a) shall be increased to \$2,380,000,000: *Provided*, That (1) \$1,330,000,000 of which shall become available on October 1, 2000, and (2) notwithstanding any other provision of this title, the amount specified for allocation under section 2003(c) of such Act for fiscal year 2001 shall be \$3,030,000,000.

ADDITIONAL STATEMENTS

TRIBUTE TO ADMIRAL CHAMBERLIN

• Mr. KENNEDY. Mr. President, it is a privilege to take this opportunity to pay tribute to Rear Admiral Bob Chamberlin, on his retirement from the United States Navy after 33 years of distinguished and dedicated service to the nation.

Rear Admiral Chamberlin is a native of Massachusetts. He graduated from high school in Westwood and went on to earn his bachelor's degree at the University of Wisconsin, where he distinguished himself as a first-tier ROTC graduate. Shortly after receiving his commission in 1966, he was assigned to the U.S.S. *Hisseem* in Pearl Harbor. From there he went on to serve in Vietnam, gaining the respect of all who shared duty with him and earning numerous decorations and awards, including the Navy Commendation Medal with Combat V, the Vietnamese Medal of Honor First Class, and the Combat Action Ribbon.

Following his Vietnam tour, he came home to Massachusetts and earned an MBA degree from Harvard. He went on to serve in a variety of supply and financial management assignments, ashore and afloat. He was soon regarded by his superiors as a tireless and innovative logistician. Ten years after attending the Naval Supply Corps School in Athens, Georgia, he returned to the school as an instructor and course developer.

In 1987, after serving as director of stock control at the Aviation Supply Office in Philadelphia and as supply officer on the U.S.S. *Nimetz*, he was promoted to captain and was assigned to the Naval Supply Systems Command in Washington, D.C., where he served as the project officer on a major supply-system modernization initiative. Later, he was appointed to be the Command's vice commander.

In July 1993, he was promoted to rear admiral, and for the past two years, he has served as the principal deputy director of the Defense Logistics Agency—America's combat support agency. His vision and leadership have been vital to the agency's award-winning business-process initiatives to ensure that the nation's armed forces receive the supplies and equipment they need, and in a way that offers the best possible return to the American taxpayer.

Admiral Chamberlin has been in the forefront of the ongoing advances in military logistics. His exemplary military career comes to a close this month, but his contributions and achievements will continue to be felt throughout the Navy and the Department of Defense.

Bob Chamberlin has served his country with great ability, valor, loyalty, and integrity. On the occasion of his retirement from the United States Navy, I commend him for his outstanding service. He is Massachusetts'
